Dear Mads:

It is my sincere pleasure to write this letter to express our gratitude to you and your team for your diligence and effort put forth in the extensive bid process that led to the ultimate award for transportation equipment as provided by Paaske Bus [in conjunction with Congress Copenhagen].

The team of Preben Paaske managing on-site operations, yourself managing overall logistics, and Betina Sorensen managing RSL and disabled needs provided an extensive and professional level of service for the delivery of the transportation shuttle program.

The Paaske Bus team were at all times prepared and professional in their demeanor. Their obvious experience and industry knowledge of service delivery for large scale events was clearly evident in their devotion to advance planning, training and briefing of all their staff from bus drivers, telephone operators, booth staff, and traffic directors. Most notable was the dedication of the management team, their consistent visible presence, their adherence to the traffic schedule and consistent flexibility to make adjustments as necessary and to respond to the inevitable problems that arise from such a major undertaking.

I realize that thank you is a small gesture for the long hours of hard work that the Paaske Bus team put in on our behalf, but it is with my sincere gratitude that I offer these words for the effort they put forth.

Congratulations to all of you on a job well done.

With kind regards,

A handwritten signature in black ink that reads "Deborah".
